Customer Reviews

I love the Octonauts. My son is 4 and enjoys their show, and I enjoy that he actually learns from it - the other day he spouted off facts about a white tipped shark that he said he learned from the Octonauts! The books are great - not too long, and they have some facts about the creatures at the end. They pretty much follow the episodes.

Great books, educational and adventure. However, the story plot is exactly as the tv show.

ALL the Octonauts books are great. It's very engaging and I just love this whole series.

Awesome, like all the other Octonauts books - my son loves it.

My grandson has read this over and over.

My GRANDAUGHTER loved it!!!
