Customer Reviews

I know nothing about networks. I bought a Novell 4.1 -the installation and maintainance guides that comewith it are good for nothing - . Hoping it would do somegood, I bought Mr. Sheldon's book. On the back, it says"all levels" - novice, intermediate, advanced - . However,that is not true.Mr. Sheldon leaves a lot of gaps behind. He starts talkingabout bindery services and complex terms for beginnerswithout giving an explanation. How is the inexperiencedreader supposed to understand?Lots and lots of gaps, Mr. Sheldon..
