## Customer Reviews

Nice sized print for easy reading. I wanted to have my own BCP. Now I have one! My church has some seats where the lighting isn't quite conducive to reading the BCP that is provided and I always forget my reading glasses. This has nice large print. I used it this last Sunday for the first time. It was nice. This version has built in book marks which is nice.

I purchased this as a gift for my best friend who was being ordained as a Priest in the Episcopal Church. She and I could not be more pleased. The cover is soft leather so that it stays open easily. There is gold on the edges of the pages. This copy is larger than the standard pew copy, so it is easier to read. There are many ribbon bookmarks. I had her name imprinted on the front cover in gold. As I said, she was very, very pleased to receive such a special gift on such an important occasion. The book was actually presented to her as part of the ceremony.

It has been wonderful to have my own copy of the prayer book! The ribbons make it much faster

and easier to follow the service. Aesthetically, the gold dusting on the edges of the pages has come off, but of course, this does not impact my reasons for purchasing the book.

I am very impressed with the quality of The Book of Common Prayer that I received today from Church Publishing. It is beautiful with red leather casing and gold page edges. It is soft and supple as well as a larger size than most personal prayer books. The print is clear and very easy to follow. The pagination is the same as your pew copy. I am very happy that I made this investment and will enjoy having it with me every Sunday. I highly recommend this publisher and this particular item.

Originally, this was a gift from an Episcopalian friend. Over the last 15 years, I've used it constantly - and am now being confirmed in the Episcopal church/Anglican communion. Even before I considered this move of traditions, I recognised within its deceptively simple cover a tool that helped bring me closer to God again. The BoCP is the 1979 version and mine is a 1990 reprint of the same. The cover is durable and the book fits nicely in mine's hands. Whether you have considered Anglicanized faith, the BCP can be a tool in all walks.

I'm very happy with this copy of the BCP. The red is a very pleasant shade, not too bright or orangey, and I love having the six ribbon markers to keep my place in various parts of the book. My only complaint is that the text COULD be larger; the margins seem larger than necessary. However, the text is larger than the pew copies at church, and it's much larger than the Deluxe Personal editions, so I do find it easier to read than other non-electronic options.

Well made book with an easy to read large font. My only complaint is that the rubrics are in black. For a book intended for use in worship the rubrics should be in red.
