Medieval World - Internet Linked (World History (Usborne))

Synopsis

From the big battles to kings and warriors, from peasants to palaces, this lavishly illustrated book is a visual feast and full of information on the medieval world. Follow the Crusades to the Holy Land, explore China with Marco Polo and visit a Mayan ball game. Find out how a knight trained for battle, who invented fireworks and who the Vandals were. Excellent color illustrations, photographs, maps and more! History is presented according to civilization geographically (rather than jumping from nation to nation chronologically), making it so much easier to follow and remember. Another incredible feature is that it is internet-linked! You can visit age-appropriate internet sites from reputable universities and museums throughout the world and get up-to-date information and exciting activities. Usborne reviews all links and keeps them up-to-date. Paperback, ages 11 to adult.

Customer Reviews

Simple, straightforward text and pictures give a terrific overview of what was going on in the Medieval World. A jumping off place for getting more in depth. Maps and graphics are beautiful. The internet links are very helpful as well.

I plan to spend the next six months reading books set in the Medieval period to my seven year old son. I thought Usborne's "Medieval World" would be a good place to start. Right off the bat, it is

absurd to think that any 96 page illustrated book can do 1,500 years of world history any justice. There is just too much history to be covered in such a short format. But as an introduction, "Medieval World" gave my seven year old a pleasurable hint of what lay ahead in the next six months. My only wish is that Usborne had narrowed its focus and only concentrated on Europe for a shorter period of time.

We used this with Story of the World Vol 2 and it was very complimentary and useful. The illustration are full of details.
