The Itsy Bitsy Snowman turned out to be a fantastic book for my two year old. The best part is I just received it in the mail today and read it to him tonight before bed and he loved it. The book goes to the Itsy Bitsy Spider rhythm and is full of colorful illustrations that are perfect for a toddler. Overall, I was a huge fan and can see myself reading this book to my son over and over again.

Such an adorable story! I bought this for my 1 year old for a birthday present. Her face completely lit up when she saw the colorful pages. She insisted we read it 5 times in a row. Not only are the pictures adorable, but the story is a nice one too. I can see it being her favorite for awhile. Definitely recommend even up to 3 years old!

My 2 year old son loves this book. It's got great, vivid, high quality images and is a quick read for when you child wants you to read them 6 books before bed. This book is one that he always wants read to him before bed. "Snowman, Daddy, snowman." This would be a great 12 days of Christmas gift like we did for our son this year, 12 Christmas books actually. I recommend this book to all parents with young children who love being read to, which from my experience at my sons preschool, is all kids.

We bought this as part of our 25 books of Christmas and our little ones couldn't get enough of this book! We sang it to the tune of the itsy bitsy spider and it was really fun for us to read/sing so it was a book enjoyed by all. The wording and illustrations are adorable which made it easier for us to read several times in a row, day after day. This is a fun and cute little book and the price is awesome (it was just under \$4.) I'm so glad we have it in our collection of winter books!

Super cute book for little ones at the holiday season or throughout the winter. I know my toddler loves to talk about snowman and enjoyed this book. I purchased a couple to give out as gifts to the new babies in the family and the parents really liked them. I couldn't find these in a local store and usually has the best price on books so I would recommend them to others definitely.

This is an adorable little book that I purchased as part of my 2 year old nephew's birthday gift. I love the cute illustrations inside and the story is a quick, easy read so it's great as a bedtime story or for little ones that are just learning to read. The story is read (or sung) to the tune of "Itsy Bitsy Spider" and is about a little snowman and his family. Very cute!

What a cute book for winter. We had fun with this board book. It is really sturdy and has been able to take the daily use of an active toddler. She has really liked singing the tune "Itsy Bitsy Spider" as she is being read to. We are very happy with this book.

My grand baby received this at about ten months of age. She smiles and points at the pictures as it is being read to her. She loves the story and the drawings, and I love the quality of the book. It can hold up to being chewed on occasionally.
