This book is a real motivator. I read the daily read along with my wife over a cup of tea every morning. Then I take it to work and have my management team read it daily. It motivates us and gives us a daily leadership direction at work. Read it and make it a team effort. In a few weeks you will see great results comign your way.

This book was given to me as a gift during this past year I read it every day. It truly inspired change in me, a "difference maker" key in my new found success.

I have read several of John Maxwellâ ™s books on leadership and have learned a lot of valuable skills that have helped me in both my business and personal life. Not surprisingly, when assembling

a collection of âœsuccessâ • books to give to my son as a gift for his 21st birthday, John Maxwell came to mind. I was having a hard time deciding which book to give my son and then I came across this book. This Daily Reader is AWESOME! Why? Because it incorporates the timeless leadership principles and wisdom from John Maxwellâ™s many books into a day to day format that allows the reader to put the skills into practice one day at a time! What a perfect answer to my problem! I couldnâ™t wait to get the book and read through it before I gave it to my son. All I can say is WOW. It is so much better than I had even hoped! The 365 daysâ™ worth of leadership principles and daily action steps in this book are awesome. My son loves it and I can see already that it is helping my son to develop leadership skills and to positively influence people in his life. This book is a definite must have for anyone who loves writings of John Maxwell, and for anyone who wants to make their life better, one day at a time!

The Maxwell Daily Reader: 365 Days of Insight to Develop the Leader Within You and Influence Those Around You

I use this book daily! It sits on my desk as a daily reference that gives me inspiration everyday during my work shifts. Maxwell has a special passage for each day of the year and his words are very inspiring. I definitely recommend this book to anyone who need that extra daily inspiration at work. Just keep this book handy on your desk and open it up every morning and read the passage of the day!

First of all, this book is a daily reader/devotional with a thought for the day about leading & understanding people. In fact, it's useful for anyone who deals with people at all. This is one of my regular morning readings before I head out the door. If I recall correctly, CargoLargo listed this as "almost like new" -- the only "almost like" things I could find were a worn outer paper jacket & a little smudging on the page edges. At the lower price, those are more than acceptable. And CargoLargo shipped it quickly -- it actually arrived several days before I expected it. From the book to the price to the vendor, my experience was A-1!

I read this book every single day at lunch time. It gives me thought-provoking action statements at the end of the daily statement. I've always been a very fond follower of John C Maxwell, this one did not let me down. I highly recommend it, because it gives statements throughout many of his books, and then references the books if you would like to continue reading about it

This is a great book with a alot of knowledge in working with others in a team. I started reading this

book everyday after I became President of a local chapter of Exchange. This helped me to guide our chapter to a successful year. This is one of the best writers out there.

Short, concise readings to remind you about various aspects of leadership. It's also nice to catch the "flavor" of John Maxwell's many books. As I'm sharpening my leadership skills to lead my own life and my business ( ) I appreciate these daily tidbits!
