Customer Reviews

Ken Jennings' Junior Genius Guides are a terrific set of books to guide young ones to learn basic facts in a number of fields. His Ancient Egypt book is fun, informative, and imaginatively illustrated. I enjoyed reading the book prior to presenting it to my nephew. He is very inquisitive and loves to read. Although quiet, he is quite knowledgeable about the subjects presented in the books, games, and DVDs I give him. He speaks well of the books he has read, especially the other Ken Jennings' books. The series of books are concise and clear, definitive, and sometimes hilariously written and illustrated.

This book is part of a series and all of them are educational and engaging. As my son puts it, "there are twists and turns and facts that people never knew." I highly recommended these books. My son absolutely loves them and can't wait for the new release in February 2016.

I'm the kid on my mom's account. LOL I HEART THE CAT PART!!! I love cats. Lots of interesting stuff and great for people in 3rd or 4th grade. Has great pictures, but LOTS to read. And that's why I gave this book 5 stars. :)

Great books, I highly recommend

I love this book. It was so fun to teach my 8 yr old student about ancient Egypt. Fun for him and fun for me. Very clever approach to learning.
