# Early Times: The Story Of Ancient Rome 2nd Edition

## Synopsis

In Virgil's epic poem *The Aeneid*, Rome was said to descend from a Trojan Prince, son of the goddess Venus. On the other hand, Livy's writings recount that the grand city of Rome was founded by Romulus and Remus, twin brothers raised by a wolf! Though poets and historians may debate the legendary inception of the great city-state, none can deny the incredible influence and historical significance of ancient Rome. *The Story of Ancient Rome* examines 2,500 years of ancient Roman history from the earliest tribal hilltop settlements to the grandeur of the mighty Roman Empire spanning thousands of miles and completely surrounding the vast Mediterranean Sea. Experience the glorious Roman Empire: Glimpse the massive Colosseum in Rome that housed over 50,000 spectators, and marvel at the monumental iconic Roman arches, bridges and expansive aqueducts that conveyed water to the city from miles away! Behold the organization, discipline, and strength of the Roman army! Advanced weaponry, cunning combat strategy, and destructive siege machines combine to defend and expand an enormous empire with many enemies. Feel the political intrigue and spirit of nationalism as members of the Roman Senate, Magistrates, and Tribunes develop a system of checks and balances, law, and judicial process that paved the way for modern democracy. Explore Rome's massive libraries full of epic historical chronicles and poetic masterpieces that are still studied and widely considered the model for all western literary form and style today.

## Book Information

Series: Early Times

Paperback

Publisher: Wayside Press; Second edition (June 15, 2012)

Language: English

ISBN-10: 1938026276

## Customer Reviews

Very informative text with great "ideas to think about" and activity suggestions at the end of each

chapter. I find this a very valuable part of my 6th grade ancient history curriculum.
