In this offering the esteemed theologian A.W. Tozer tackles the rather daunting task of trying to explain the attributes of God both individually and as they relate to each other and the whole of God's character. While I don't think it's humanly possible to plumb this topic to its depths and get it right, I think Tozer does it about as well as can be expected of anyone who is limited by mortal flesh and a finite mind. This is the first book I've ever read by this author, and have done so as part of my small group bible study. Week by week, chapter by chapter, we have delved into topics like God's infinitude, mercy, grace, goodness, justice and immanence, to name just a few. Most recently we have confronted the almost impossible to comprehend topics of God's holiness and perfection -- just try to define either one of these! Tozer is quick to admit that he can't, but tries his best anyway. This book is not just an academic exercise in theology, although it will certainly help you gain some solid doctrinal footing. As the subtitle suggests, this is about trying to know God's heart, to understand who He really is in the rich diversity of his character traits. All that God is, he is infinitely and perfectly. The more we grow to understand these truths, the more we are challenged to grow and change, to be conformed to the image of Christ, who in turn is the express image of God's person (Heb. 1:3). Tozer leads his readers on a soul-searching, convicting journey that forces us to come to

grips with just how awesome and "other" this God is, and how much we differ from what He is and commands us to be. The book is filled with marvelous illustrations that make these mind-bending concepts a little easier to grasp.
