Synopsis

Despite an often-hostile environment, frequent shortages of food and other necessities, and countless other hardships, the settlers of colonial America persevered to establish a lasting foothold on the new continent. This informative coloring book captures the stirring drama of life during pre-Revolutionary times with a fascinating variety of images from the colonial era. Forty-four detailed, accurate, and ready-to-color illustrations depict early seventeenth-century colonists arriving from Europe on wooden sailing vessels; encounters with Native Americans; the Spanish settlement at St. Augustine, Florida, in 1565; and the thriving Dutch colony of New Amsterdam on Manhattan Island in 1653. Other illustrations include an early Pennsylvania farm home, the deck of a slave ship, a frontier fort, a colonial kitchen, and the Deerfield massacre of 1704. Each picture includes a descriptive caption that provides a brief history lesson. Colorists of all ages will enter into the spirit of early American life with this entertaining and educational coloring book.

From the 1600s to 1776, the life of the colonial inhabitants of North America is depicted. There are a few scenes with Native Americans, but this is definitely a book about the colonizing inhabitants. Each picture is detailed, not your usual very simplified outline. Color pencils will be more appropriate

than crayons. Each picture also includes a lengthy paragraph caption explaining the picture. The sequence is not exactly in order, but close. This is not Kindergarten material. The ages 9-12 in the description is probably accurate. Pictures: A Passage to the New World, Early 1600s Arrival in the New World, early 1600s Encountering the Native Americans, early 1600s Spanish settlement at St.
