Rain (Weather Ready-to-Reads)

Synopsis

Drip, drop, plop, rain falls from the sky. Rain turns dirt into mud and makes puddles on sidewalks. It also helps flowers grow. But where does rain come from? The answer is at your fingertips. Just open this book and read about the wonders of rain.

Age Range: 4 - 6 years

Grade Level: Preschool - 1

Customer Reviews

This is a good book for a new reader to gain a very basic understanding of how clouds form and rain happens.

I bought this book for my soon to be 4 year old. He listened the first time I read it but it isn't really that interesting.

My 3 yr old loves this book. It explains concepts in a very easy to understand manner. Not too wordy and the pictures help!

I will be using this with my preschool esl classes for rain week. I think my own children will like it as

well.
