Bleach, Vol. 55

Synopsis

A paranormal action-adventure about sword-wielding guardians of the afterlife Ichigo Kurosaki never asked for the ability to see ghosts--he was born with the gift. When his family is attacked by a Hollow--a malevolent lost soul--Ichigo becomes a Soul Reaper, dedicating his life to protecting the innocent and helping the tortured spirits themselves find peace. Find out why Tite Kubo's Bleach has become an international manga smash-hit! The peace is suddenly broken when warning sirens blare through the Soul Society. Residents there are disappearing without a trace, and nobody knows who's behind it. Meanwhile, a dark shadow is also extending itself toward Ichigo and his friends in Karakura Town | Reads R to L (Japanese Style) for teen audiences.

Customer Reviews

This volume marks the beginning of Bleach's final story arc, "Thousand-Year Blood War Arc." As the author points out in the preface, much of the Bleach story has been building up to this point and some of the early volumes definitely hinted at this final conflict. But this is only the beginning to what I imagine will be a very long story, tying together the various Bleach storylines and settings we have previously seen. As for the contents of this volume, we were introduced to a new, tyrannical villain and his henchman and given just a glimpse at the frightful power they wield. Though the identity of this group, at least on the surface, is revealed, there is clearly much more at play between the soul reapers and our new villains that we will learn in the volumes to come. This volume definitely had some action and the reappearance of some old, beloved characters, but it mainly served as great opener to the final arc. I definitely look forward to future volumes.

Holy crap does Kubo start the last arc on such an intense set of events. I was instantly hooked as I read this for the final art. However it made me that much more sad that I wouldn't be seeing it on TV. I highly recommend it.

First book of the new arc and its amazing! So far I love what's going on in this new arc and I've been loving the changes T.K. has made to so many of the characters. I have a feeling this arc is going to be filled with some amazing fights and new abilities.

Not much I can say without spoiling anything for people. I can say this. IF you enjoyed watching the animated series and were upset at it ending in any capacity (how it ended, unanswered questions, etc) read these. Don't ask questions just read :D

I recently finished the anime, and just wanted to continue this story until the end. If your hesitant about picking it up don't be. This volume is amazing and really got me hyped for the upcoming arc.

I hate the guy on the cover because the Vandenreich remind me of Nazis! And I don't particularly like the group of EVIL Quincies! Great story and the plot's coming along nicely though... I recommend it for anyone's expanding Bleach Collection! (:

New plot in the manga, it is a 180 twist that is thrilling me about the Quincys and Shinigamis. Extraordinary.

Its bittersweet, buying and reading this. Its an awesome beginning to the new arc but i dont want it to end! id advise to purchase this on since at the bookstores its like 10 bucks
