Great book - teaches on great principles to being a supporter of not only your pastor but your church. Touched on and teaches us how to be good servants - we must serve before we can be served to. Great book - I won't tell it all. Be a strong backbone for your church family and Pastor. When you say you are going to do something - Do it. Be responsible !

WEL...what do I say.... if anyone is looking for a "Timothy" to serve alongside of you, then STOP.... don't make any other choices, until first you've read IN SEARCH OF TIMOTHY. This book asks all the right questions and gives the answers you need about who who is potential leader, how to do know if you an trust a perspective leader, and if you and that other leader are a right match! This book could save years of headaches and tons of conversations wtih your wife that could have been devoted to other subjects. why try to figure it all out on your own. Let Tony Cooke help you, as He has helped me.... You'll never regret it.

The book is a in-depth look at the characteristics and requirements need to properly function in a ministry. The book looks at the relationships that is needed to fully and cheerfully support your mentor and/or leader. I looks at this from a point of view that the leader and the follower are not

perfect but though the lesson learned from the Bible the growth of the Church will happen because of the power found in true fellowship. My favorite part is the look at the ministries of God and of Jesus. The outcome of the ministry is celebrated by the church but the events that lead up to that cause you to question things within yourself. I thank God my Pastor chose this book to open eyes and hearts into the world of being a true follower of Christ through being a true follower of your earthly leaders.

So much insight and wisdom for every team. We took our ministry team through this and have re-read a few times - most excellent. We recommend for every team or ministry staff - would be great for corporate leadership teams as well because the principles are universal truths that would build strong teams in every area of operations.

Moving from the senior pastor's role to an associate role can be a real challenge. This book has been a great help to me in that transition. I highly recommend this book to be read by every seminary student, staff members, as well as senior pastors. There are many of us who have been called to serve like Timothy, but there aren't a whole lot of resources like this book. Here's to the Timothys out there who can see all of God's fullest calling poured out in service to the Church and our senior pastors we are called to support!

I highly recommend this book, this book is full of valuable information that everyone should know. Everybody has the ability to be an asset to their pastor in this book tells you how. I have read other books on this subject and I feel this book exceeds them all, if you're called to the ministry this is a must read book.

This book is great for pastors, associate pastors, volunteers, and church members. Basically what I am saying is that everyone in the church can benefit from reading this! Leaders can glean from the wisdom in this book to become better, more effective leaders. Followers can attain a better understanding of how to better serve.

Every Pastor wants a Timothy to be a leader in his/her church Timothy had a heart of gold Timothy was called by Paul, he was basically his mentor (Paul), Timothy became such an outstanding servant of the Lord that Paul could rely on him no matter what I love this book
