## Synopsis

Many of North America's most beloved regions are artfully celebrated in these boardbooks designed to soothe children before bedtime while instilling an early appreciation for the continent's natural and cultural wonders. Each book stars a multicultural group of people visiting the featured area's attractions; such as the Rocky Mountains in Denver, the Georgia Aquarium in Atlanta, Lake Ontario in Toronto, and volcanoes in Hawaii. ## Customer Reviews

I always try to purchase "Good Night" books about places I've traveled to. It's great souvenirs for my grandchildren and they love them. This book arrived before I returned from Vancouver in excellent condition.

We received this book as a gift and now have ordered a number of copies to share with other families with young kids. It has great pictures and really captures my favorite things to do in Vancouver.

My daughter who is 20 months now, love this collection. She has been to couple places in North America so it's always fun to show her where she has been.

An old favourite. Grabbed an autographed copy off the shelves at Kidsbooks in Vancouver. Go figure that a friend gave us another copy the following Christmas. This book is incredibly well drawn and a wonderful representation of the area - as well as being well suited to reading to a young (toddler - preschool) child.

Our kids love the "Good Night" series, and "Good Night Vancouver" was an excellent take-home from a long weekend in the city, featuring photo-realistic illustrations of so many of the sights we saw touring the city.
