Customer Reviews

I have been a Hospice Nurse for many years. I bought 4 of this type of coloring book for people that we see who has dementia, heart and lung diseases that have made them basicly bed or chair bound. These people still need to have activities that make them smile. These coloring books do just that. They take away a portion of the loneliness and depression that go hand and hand with these diseases. I highly recommend these coloring books to anyone who is limited in functionality due to illness or accidents that require long periods of time sitting or staying in bed. I consider this book "easy to color" while still for adults.

I love Dover coloring books. They are awesome. This one is no different. Each page has the name of the flower (common and Latin), what the flower stands for, and a physical description of the

flower. Flowers included in this book: Dog Rose, Sweet Pea, Angelica, Orchid, Lily, Camelia, Carnation, Bluebell, Poppy, Michaelmas Daisy, Lilac, Iris, Magnolia, Narcissus, Buttercup, Yellow Rose, Trumpet Daffodil, Tulip, Hibiscus, Pansy, Zinnia, Jasmine, Cornflower, Passionflower, Geranium, Forget me not, Morning Glory, Red Rose, Anemone, and Gardenia.

The Dover coloring book is a great book. Gives nice detail and when color is applied they come out looking great. I use colored pencils and it look fabulous. The little details at the bottom of the pictures are great too. I would recommend this book to others.

Very pretty. I love it!

Bought this book for my mother last year. She has dementia, but is still capable of coloring if given the book and coloring pencils. I highly recommend this book for people with dementia or memory loss. My mom would have rejected it if it looked to "childish". The flower designs are universal and familiar to her. She really enjoyed coloring in this book and it was a good way for us to spend time together picking out colors and doing a project that she could control and feel good about. Good tool for activity time in nursing homes and memory care units.

I just purchased these Dover COloring Books for my mother and she loves them. The detail is out of this world and the variety of colors you can use are only limited by your inagination. HIGHLY RECOMMENDED!

I like the coloring book as it has some nice pictures of flowers. The reason I am giving it only three stars is because they put a picture on the back side of each page. You can not use markers as the ink will bleed thru to the other side

The flowers in this book are lovely. Many, however, are white, and therefore not suited for coloring. I fixed that for myself by making some of them fantasy flowers with petals of many colors.
