Customer Reviews

The illustrations of Owen Davey are so delightfully bold you will spend hours pouring over the beautiful pages of this book. "The Curiositree - Natural World: A Visual COMPENDIUM of Wonders From Nature" written by Amanda Wood & Mike Jolley is a compelling introduction to the natural world. Thoroughly explaining plants, animals and everything in between. Each page spread offering a beautiful and informative chart covering everything from nests and feathers to swamp life and food chains. A large, gorgeous, hardcover reference book you'll surely revisit again and again. Perks: a book jacket that unfold into a huge wall poster, three built in ribbon bookmarks (you'll need them), and an alphabetical index for quick reference. I received this book for free in exchange for my honest opinions. I was in no way compensated for this review. My opinions are honest and my own.
