# Remembrance Book: A Dated Journal For Your Special Dates

## Synopsis

This dated journal, is 365 pages; lightly lined to provide space for the dates that you hold important. Each cream color page has a date for each day and a scripture verse. The remainder of the page is filled with lines for your special dates or memories. It would be a nice gift for any occasion, especially for a newly married couple or anyone who needs "a home" for those dates that are too valuable to lose. Anything, from the date you first dated your husband, to your child's baptism--if it is important to you, there is a place in this book to record it; the occasion and the year. I have not been able to find another book like this one with a page dated for everyday of the year, an inspiring scripture verse and plenty of lines for you to record the occasions that you choose.

## Customer Reviews

What a wonderful book to be able to pass down from generation to generation! I'm all about remembering special dates and I love this book. Something that my children can have one day, a book where their mother wrote down special things in their life.

This book provides more than a place to keep track of special dates in one place. It gives a scripture on each page reminding us that the Lord is with us each day of our lives. It will be a family treasure for generations to record important family information that might otherwise get lost.

Perfect memory book!
