Customer Reviews

Fantastic workbook! My daughter started kindergarten this year and seems to be having a little trouble with some of her numbers and letters. She only learns by doing which makes flash cards and writing the same letter and numbers over and over again get really mundane and boring. She absolutely loves this wipe clean book! Lots of fun pages, she can literally sit and practice for what seems like hours without losing focus(which is nearly impossible for her with anything else!) Tons of

fun and creative activities. This is a must have for learning, I'm already planning on getting more similar ones! It does truly wipe clean too, doesn't leave any residue or outline like some other dry erase. The book is sturdy, durable and really well made. You can't go wrong with Scholastic, it's nearly all I buy anymore. High high quality books!

These are cute little workbooks and the kids love them. Easy clean up! The only issue is that the markers were toast after about a week of light use. Not a big deal since I just got different markers.

love it, lots of variety and good practice for my 5 and 6 year olds

The best books for my 4 year old. He doesn't get tired of it and he can't wait to do "homework"

My son loves this. It's the perfect learning book. Market is great and wipes right off when your done.

My 3 year loves this. Easy to wipe clean.

Nice book for pre K children.

Good variety of activities
