Build The Rocket (Build It)

Synopsis

Build the Rocket takes young explorers out of this world to discover the thrilling science of rocket building. Budding space enthusiasts have fun while learning, examining spacecraft through colorful illustrations and fascinating facts about rockets. Finally, everything needed to build a model rocket from the ground up is included, ready to assemble at home or to take on the go. Launch into the world of space exploration while learning about these amazing shuttles.

Product Dimensions: 7.5 x 1.2 x 14 inches

Shipping Weight: 2 pounds (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 starsÂ Â See all reviewsÂ (1 customer review)

Best Sellers Rank: #633,654 in Books (See Top 100 in Books) #228 inÂ Books > Children's Books > Education & Reference > Science Studies > Astronomy & Space > Aeronautics & Space #6959 inÂ Books > Children's Books > Activities, Crafts & Games > Activity Books #7818 inÂ Books > Children's Books > Science, Nature & How It Works

Age Range: 6 and up

Grade Level: Kindergarten and up

Customer Reviews

Book is fun and the idea is great, but the tabs don't fit and the build was impossible for my 7 year old and eventually for me. Mind you, it is rated for 6 and up. Update, the sellers were able to provide a better kit, so I'm satisfied.
