## Customer Reviews

A few years ago fans of *FIREFLY/SERENITY* were given a rather lack luster series called *THOSE WE LEFT BEHIND*. There isn't a great deal of narrative squeeze space right now in the *Serenity* universe. The reason is that Joss Whedon and his stars still hope to make another movie. Whether it would be a direct to DVD (which is more likely) or a theater release is an open question. There have been rumors from time to time that Universal, given the impressive and steady sales of both *FIREFLY* and *SERENITY* on DVD, was at least interested in considering a DVD film at some point, but so far nothing has materialized. But as long as there is a chance of a continuance of the story of Mal, Zoe, River, Simon, Jayne, and the rest of the crew of *Serenity*, Joss Whedon is not going to reveal the remaining major secrets about his characters. In commentaries on the film *SERENITY*, Whedon in particular mentioned Inara's story as the great unexplored mystery. The first film cleared up most of River's untold story, which leaves Inara's. And, of course, Shepherd Book, who will not be part of a future movie because of his death. His backstory will be covered in the next

Serenity comic series, focusing exclusively on him and the story that he had been unwilling to tell in either the TV series or the film. It is at least tentatively titled A SHEPHERD'S TALE. But like THOSE LEFT BEHIND and BETTER DAYS, it will be another prequel, this one a prequel to FIREFLY as well. After that, I doubt if we see much more in the way of Serenity comics, since Whedon clearly doesn't want to pick up at the end of the movie SERENITY.
