Synopsis

What does Christianity have to do with anything? What does the Christian faith teach about God, Jesus and the Holy Spirit? What do I need to know about angels, Satan and demons? What place should the Bible or a church have in my life? By exploring these and other core questions, bestselling author Paul E. Little leads you into a greater appreciation of a God who has done great things to bring you into a relationship with him through Jesus Christ. He presents ten bottom-line, non-negotiable truths of Christianity using humorous, anecdotal illustrations gathered from years of experience helping believers share their faith with not-yet Christians. The front cover description by Billy Graham of this book is amazingly accurate - "Scholarly, articulate, simple." Paul Little really does an amazing job of addressing the core essentials of the faith in less than 150 pages - from the nature of God, to the nature of man, from the importance of Christ's substitutionary death on the cross to His imminent return for His Bride, the Church. I especially liked the way that Little handled controversial issues, by giving an adequate description of both sides without seeking to interject his own opinions on several matters. I also liked the flow of the book, beginning with the essential element of Scripture from which God has revealed Himself to man in a special manner to a chapter on the nature of God Himself. From there, Little explores the historical person of Jesus Christ and the death, burial and resurrection of Christ, upon which the

entirety of Christianity rests. Once the concept of God's creation and the god-head itself are addressed, Little turns to the problem with the world - sin and the separation of man from his designed status as a child of God. Little then follows that with the chapter on the Holy Spirit, introducing the reader to the remainder of the Trinity and the special work of the Holy Spirit to convict man of his sin. Following this, Little turns to the good news of salvation and the redemption of man through the blood sacrifice of Christ. The remaining three chapters deal with other spiritual issues facing believers, including angels, Satan and demons, the role of the Church in the life of the believer, and the fundamentals of eschatology, or the "things to come" as Little phrases it.
