Finally the war with Negan and The Saviors is over. This has taken a long time....too long. As covered in the previous volumes, Rick has enlisted the help of the neighboring communities to tackle the Savior threat. I'm not sure why assassination never came up as an idea instead of the constant loss of life on both sides. The art is the same, like it or hate it. All of the common locations are well rendered and consistent so that exposition isn't wasted on telling the reader where a particular scene is taking place. The Governor has forever set the standard for how evil an antagonist can be. He was brutal and effective in so many ways, but pride got the best of him. The climactic battle and fallout from the final encounter with the Governor has been one of my all time favorite comic book moments. No one has really challenged Rick & Crew to that level since. Negan had some novelty factor with his own community rules, Lucille, and his repetitive use of the "f" word. Negan is more than shock and awe, like when he shared moments with Carl during his

capture. Much of the last volume has addressed how morals influence the decisions that lead many to stand up against the Savivors. I don't blame them, the deal they had with Negan was rough. As established as Alexandria etc. were, not sure I would've stuck around with everyone dying constantly. There had to be something worthwhile outside of Negan's reach to start fresh. Anyways, it all ends in this volume. Rick is still in his "General" role, with the usual supporting cast of Jesus, Ezekiel, Michonne, and Andrea. Like many WD stories, some major characters die, some new ones are introduced, and some roles change.
