This is a fun series about bike racing with some intrigue thrown in about an extremely dangerous, mythical substance called dragon's bone. I enjoyed getting to know the 2nd young teenager as he fought the negative effects of the dragon's bone that his uncle had forced on him in the 1st book of this series. The friendships forged in the earlier book grow stronger in this new book. I really enjoyed reading it and can't wait to read the next book, JACKAL.

Lion by Jeff Stone combines cycling with a Chinese theme. Ryan is the main character in the story. He is a cyclist that is hurt and he starts to take a Chinese medicine called Dragon Bone to help him heal and relieve stress. The bad guys want some of this Dragon Bone medicine because they believe they can live longer by taking it. Ryan's friends help protect him from the bad guys. Jake is nicknamed Hyena because he is sly, swift and cunning. Phoenix and Hu Die teach Ryan Kung Fu so that he can be stronger and protect himself. My favorite character is Hu Die because when she bumps fists with someone, they think she has iron under her gloves. The beginning of the book is a little slow but the last few chapters are action packed and awesome. I recommend this book to kids of all ages who love Kung Fu and Cycling.

This is a great book and I think it ties in fantasy and something we all do, biking. I personally met Mr. Stone, and I think it was well written, and he is a great author.

This Was better than the first thanks Jeff Stone for being such an awesome writer. I loved it and I am happy that Jack won haha I spoiled the ending

I enjoyed these books and look forward to my grandson reading them when he is older. The author did a good job of developing the lion child.
