Starting Point Conversation Guide Revised Edition: A Conversation About Faith

Synopsis

Everything has a starting pointâ ”your life, your relationships, your education, your career.

Sometimes we forget that faith has a starting point as well. For some of us, our faith journeys began in childhood as a set of beliefs handed to us by a parent, teacher, or pastor. Maybe you developed a framework of faith based on personal experience. Or maybe you had no faith at all. Too often, a faith formed in childhood isnâ™t strong enough to withstand the pressures of adult life. But what if you could find a new starting point for faith? Welcome to Starting Point â “ an 8-session small group conversation about faith. Whether youâ™re new to faith, curious about God, or coming back to church after some time away, itâ™s a place where your opinions and beliefs are valued, and no question is off limits. During the eight sessions, you will: Use this Starting Point Conversation Guide to reflect on central questions of faith and life. Watch the video component each week in preparation or as part of the discussion. Explore and share what youâ™re learning with other people in a conversational environment. Come as you are and build relationships with others as you discover your starting point. SESSIONS INCLUDE: Start Problem Trust Rules Jesus Grace Faith Invitation

I bought 2 for my daughter and myself. Andy is a great speaker and has the audience captivated with his events from the bible to today 's lingo and examples. We are doing the video and book and

unless there's more than 2 of you don't use the group discussion,, our opinion, we've looked at both. My daughter is married to a pastor and she teaches the children during service. She's doing this for me, I am the doubter, like Thomas:, and need to Start Over .

It doesn't matter where you are at in your journey of faith this series will help you develop a growing relationship with Jesus. I encourage those who are checking out Christianity to those who have been Jesus followers for years to check it out.

This book is our study book. I can't say too much but it has caught my eye. It is a very different approach than the bible study. This book helps you to think about what was your starting point in christianity and how did it come about. the dvd make the book come alive and it also helps to see to understand it better.

Andy is always good. He keeps his lessons moving on and he is always interesting. A lot of people don't know the Bible, and don't care if they know it or not. Because the Bible says it does not impress some. He takes that point of view and explores how we come to know Jesus and how to get personal in our experience with Him.

same as the book but be willing to help anyone with this on how to understand it, this is a study for new christian just wanting to know how to come to the church and learn about the competes for the church and how to understand god's holy word. So you can reach me and I will help you with the book and dvd to understand and can reach me through email

This is a great study for those of us that are returning to our faith, for believers, for those that are not believers and are curious.

Awesome book. We do the starting point small groups at our church. It is the most amazing group curriculum I've ever used. It's conversational class and life and faith happens.

Fantastic study for returning and new believers as well as those who would like to become more articulate in their faith!
