# Isdn: Concepts, Facilities, And Services (Mcgraw-Hill Series On Computer Communications)

## Synopsis

A reference guide to Integrated Services Digital Network, or ISDN, this edition includes up-to-date treatment of broadband ISDN (B-ISDN), ATM and Frame Relay standards, such as the IEEE 802.9 on integrated voice/data local area networks. It also features new sections on B-ISDN applications, ATM's user-network interface (UNI) and network-network interface (NNI). Aimed primarily at telecommunications and data communications specialists designing and implementing ISDN networks, this text also includes many revised examples, an updated list of acronyms and abbreviations and a complete glossary.

## Book Information

Series: Mcgraw-Hill Series on Computer Communications

Hardcover: 480 pages

Publisher: Mcgraw-Hill (Tx); 2nd edition (July 1993)

Language: English

ISBN-10: 0070342474

ISBN-13: 978-0070342477

Product Dimensions:  1.5 x 6.2 x 9.5 inches

Shipping Weight: 1.1 pounds

Average Customer Review:  4.3 out of 5 ststarsÂ Â See all reviewsÂ (6 customer reviews)

## Customer Reviews

I found this book to contain a lot of "marketing" as opposed to technical details which i am more interested in. The book is divided into 2 parts: N-ISDN and B-ISDN. I was hoping the book would spend a lot of time laying foundations and giving details about LAPD, Q931 etc... But it covers those fundamental topics very lightly. Yet it spends 3 long chapters on ISDN "marketing" so to speak. For example, it goes into painfull details on different ISDN services and how much they cost etc... etc...I am dissapointed with this book.

This book, as with the entire signature series is excellent. The Signature Series should be

everyones first and last reference book. They are clear, concise, and to the point. I especially like their ATM Applications and Theory and their TCP/IP books. This ISDN book is another winner

This is an excellent book. It covers much more than I had expected. I use it often in my research for the classes that I teach. It has been an excellent guide.
