Customer Reviews

CB has put her usual high standard of craftsmanship into the arrangements. They are very musical, easily learned, and solidly constructed. Most of all they are true to the original pieces, and they glorify God.

I did not think it was as good as Volume 1. Perhaps not quite as challenging for me. I would recommend to late intermediate/early advanced.

Cindy Berry does such a nice job of arranging hymns. This book provides me hours of delightful playing on my piano.

Excellent book! Meets all my expectations!

As described

Lovely arrangements and it really is an intermediate level collection. Wasn't too hard at all in the first sight-reading.
